YOUR FUTURE.
OUR COMMITMENT.

Thinking about a parent app?

The only **multilingual** parent app specifically designed to work with Routefinder. Get **real-time updates** and the most accurate updates to your parents. Parents can **find the bus** location. It even includes **electronic forms** and **two-way messaging** to keep constant communications going with your community **to avoid any misinformation**.

Provide Peace of Mind to Parents and School Districts

TIMELY. ACCURATE. RESPONSIVE.

-  Send real-time school bus, driver and resource substitutions to parents and guardians
-  Receive real-time "live" data from your Routefinder solution. Unlike other apps, this means immediate updates to parents
-  Know with precision bus departure and arrival times with industry leading ETA option, and Geo Alerts to keep everyone well informed with accuracy
-  Chat and receive messages and use electronic forms
-  Engage in two-way messaging with attachments (photos, documents)
