Planning for School Reopening Will the Best Laid Plans Really Work? Part II

This presentation is proprietary and confidential information of Transfinder Corporation. It is not intended to be distributed to any third party without the written consent of Transfinder.

Welcome

- Welcome by Transfinder President and CEO Antonio Civitella
- CDC Guidelines and Introduction of Panelists by NAPT Executive Director Mike Martin
- Panel Discussion/Q&A

On May 19, 2020, the Centers for Disease Control (CDC) issued what it calls “considerations for schools”, or more specifically, ways in which schools can help protect students, teachers, administrators, and staff whenever schools re-open.

The agency emphasized that “implementation should be guided by what is feasible, practical, acceptable, and tailored to the needs of each community.”
