Does your routing solution do everything you need?

route**finder** plus

You need a **True Routing Solution** that works as **fast** as you do with the **accuracy** you and your community demand. PLUS embeds **Artificial Intelligence Optimization™** or "AIO" and incorporates the unique personality of your local knowledge.

Routefinder PLUS is the only solution that does it all.

Think of Routefinder PLUS as approachable and unimimidating. Regardless of a district's size or past technology (*or lack of technology*) PLUS is the fan favorite because it is easy to use and anticipates your next steps. PLUS works with you and for you.

- ✓ **Access Anywhere** - Access your routing solution with lightning-fast browser-based convenience.
- ✓ **Analyze Data** - Make finding the data you need simple with quick search, filters or geo search options.
- ✓ **Customized Platform** - Configured to meet your specific needs with custom layouts, reports, dashboards, forms and more.
- ✓ **Automated Routing** - Find efficiencies in your operation letting the system create stops, consolidate runs and automate routing.
- ✓ **SIS Integrated** - Industry-leading SIS integration with all major providers.

Routefinder PLUS is Changing the Landscape in School Transportation!
